## GV-IoT for iOS Version History

### Version 1.0.2 2023-03-06

**Fixed:**

- Chances of GV-IO Box connection status and device name display errors when GV-IoT is running for a long time

**Modified:**

- Account registration option removed (users may register an account on GV-Cloud Center)

### Version 1.0.1 2020-09-30

**New:**

- Audio codec removed
