

## Notice for GeoVision Control Center V3 Series Products

Dear Valued Customers and Partners,

Thank you for your continued support and trust in GeoVision products. We are writing to inform you that GeoVision will officially discontinue the **GV-Control Center V3.x** software.

As part of this End-of-Life (EOL) process, GeoVision will cease all related activities and support for GV-Control Center V3.x on **31 December, 2026**. After this date, we will no longer provide:

- Software updates, maintenance, or patches
- Technical support or troubleshooting services
- Product documentation or online resources
- Security updates or bug fixes
- Product licenses or shipments

To ensure continued system performance and compatibility, we strongly encourage you to migrate to **GV-Control Center V4**, our latest version offering enhanced stability, security, and integration capabilities with GeoVision's current product lines.

For migration assistance or inquiries, please contact your authorized distributor or GeoVision representative. Our support team is available to help with the transition to GV-Control Center V4.

Our team is here to support you during this transition and integration with your existing devices. If you have any questions or need assistance, please contact us:

Email: support@geovision.com.tw

We sincerely appreciate your understanding.

Warm regards,

GeoVision Inc.
